FIND A WAY  
TO FINANCE  
RAILWAYS

(By Associated Press) WASHINGTON, March 11.—Issue of federal warrants for amounts due the railroad corporations will probably be the method employed by the railroad administration to meet the situation caused by failure of congress to pass the railroad appropriation bill. Director General Hines stated today, after a conference with railroad executives and government officials, he is considering this plan. Such warrants would serve as collateral for railroad corporations desiring to make loans through banks to be taken up by the railroad administration when congress makes the appropriation needed.

Recent dispatches indicated that the Prinkipo conference has been abandoned but a meeting elsewhere might be attended by individual Russian factions.

GOLD ZONE OWNERS IN  
FLORENCE GOLDFIELD

The Lockart and Parker interests in the Florence Goldfield Mining company have been sold to L. F. Whitcher of New York, who is said to have made a fortune in United Verde Extension, a famous copper producer of Jerome, Ariz., and who is one of the principal owners of the Gold Zone, in the divide district. The sale involved 318,650 shares held by Parker and 214,000 shares held by the Lockhart estate, a total of 532,650 shares of 1,050,000 shares issued. The Florence is capitalized for 1,250,000 shares of a par value of \$1 each.

The three men through whom the sale was made are J. W. Dunfee, J. F. Williams and Tim Connolly. Williams being the one who actually conducted the negotiations that led to the sale, Dunfee the one who suggested it and Connolly being associated with Dunfee in the deal.

Shortly after February 1 Williams from New York, requested Dunfee to investigate with a view to possible sale of mining ground in California. Dunfee, who had been in Los Angeles and learned that the Lockhart estate was willing to sell, telegraphed him that, regardless of the ground in California, he was overlooking "the best bet" in the Florence and explained the situation to him. Williams lost no time in reaching Philadelphia, where he talked with Parker on the subject with the result that one week later he telegraphed Dunfee that he had tied up the Parker stock, the Lockhart interests agreeing to sell at the same time.

Late in February S. Sommer Schmidt, a prominent mining engineer, came to Goldfield and inspected

in effect this order will limit Germany's military strength to less than the number of men Switzerland has. The progress that has been made in the work of framing the peace treaty ensures completion of the task by March 20th.
